From the depths of outer space to the depths of the world's greatest oceans came the alien forces of Alpha Centauri. Out of their savage attacks on all air, sea and land borne craft grow the united efforts of the world's super powers: Project Deep Star – the ultimate underwater war machine. Deepstar increases in power and weaponry with each vicious encounter. Now you are called to command. Build your craft from the credits you hold, destroy the continuous onslaught of aliens and your credits increase, so too does your power to end this threat to mankind.

● 8 levels, 160 screens. ● 40 different aliens. ● 48 colour graphics.* ● Over 50 objects on screen simultaneously. ● Multi graphic styles inc. lava, fire, crystal. ● Over 29 weapons to select. ● Freestyle configuration of weapons and satellites. (*16 bit only).

"Get stuck into the best horizontally scrolling underwater blast 'em up of all time." SINCLAIR USER

"A blaster which looks great, sounds excellent and contains some of the toughest aliens in the bizz, making X-Out an absolute corker of a game!" C&VG

"Brilliant: Just Brilliant! One of the best games I have seen for a long, long time." AMIGA ACTION

Des profondeurs de l'espace intersidéral aux profondeurs des plus grands océans du monde sont venus les forces extraterrestres d'Alpha Centauri. Pour contrer les attaques brutales qu'ils ont lancées contre tous les engins se trouvant en l'air sur mer et sur terre, les superpuissances du monde ont uni leurs efforts pour donner naissance à: Project Deep Star, la machine de guerre sous-marine supreme. Deep Star accroît sa puissance et ses armements à chaque engagement violent. Il vous faut maintenant prendre le commandement. Construisez votre engin grâce aux bonus que vous possédez, exterminez les vagues d'aliens qui déferlent sur vous. Vos bonus augmenteront ainsi que votre puissance pour éliminer à tout jamais cette menace qui pèse sur l'humanité.

Dalle profondità dello spazio a quelle dei più grandi oceani della Terra erano venute le forze aliene di Alpha Centauri. Sotto i loro feroci attacchi a tutti i mezzi aerei, navali e terrestri, le superpotenze del mondo si erano unite in uno sforzo comune: il Progetto Stella Profonda – la macchina da guerra sottomarina definitiva. Ad ogni scontro senza quartiere, Stella Profonda (Deep Star) aumenta la sua potenza e l'armamento. E adesso ti è stato affidato il comando. Costruisciti il tuo mezzo con i crediti a tua disposizione, distruggi le ondate continue di alieni facendo così aumentare i tuoi crediti, oltre alla potenza per porre fine alla minaccia per l'umanità.
